Installer

Complete offline installation with customization

4.3G torrent sum

Recommended

NetInstaller

All packages are downloaded during installation

3.78G torrent sum

Q.) What's the differences between: Installer? Live? NetInstaller?
Q.) How to download Kali Linux images securely?

Want an Updated or Custom Kali Image?

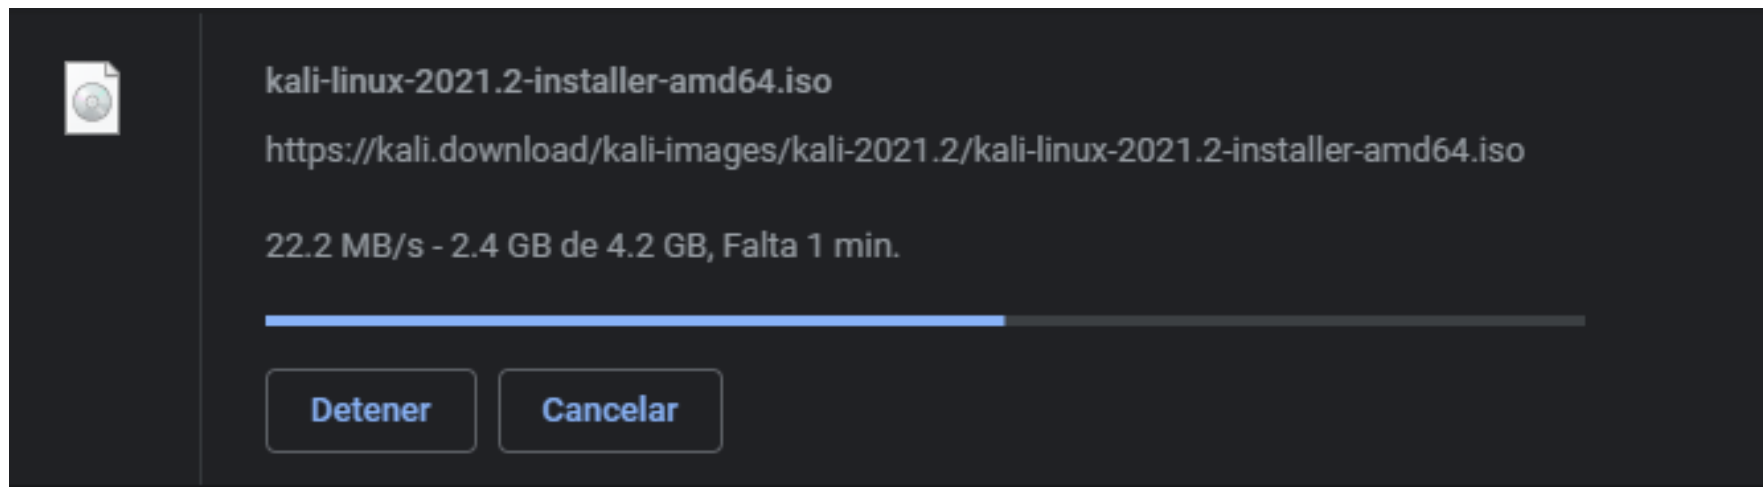

Feeling a little more adventurous? Want to build the latest version of Kali? Want to customize your ISO by adding more tools or change the default settings? Looking for something other than Xfce, GNOME or KDE like Enlightenment, i3mw, LXDE or MATE? Then this is the option for you.
